

CORDLESS ALUMINIUM VENETIAN BLIND

Easy and Simple to Install and Can Be Cut to Size
Maximum it can be cut down is 7.5cm either side

SwishRise™

A revolutionary new Cordless System, which is quick and easy to install and allows you to control the degree of light and privacy at your window with one simple touch.

The unique patented mechanism makes it easy to raise, lower and tilt the blind with a single movement of the bottom bar.

Our SwishRise™ integrated safety system prevents any risk of strangulation to children and pets.

The absence of pull cords, tilt wands and cleat hooks combined with the premium finish and colour co-ordinated head rail brings an ultra-sleek, uncluttered and contemporary touch to any room including bathrooms.

No External Pull Cords

- Child & Pet Safe
- Sleek & Elegant
- Simple Operation
